## CHANGE HANDS

Stock Company Takes  
Charge of Base Ball  
Team.

New Players Signed and Good  
Games Expected.

Last Thursday the management of the Mt. Sterling Base Ball Club was turned over to a newly organized stock company, composed of many of the leading citizens of this city. Mr. A. L. Laughlin was elected president, Mr. S. S. Pinney, secretary and treasurer, and Messrs. J. M. Hoffman, R. A. Chiles and Neal Guilfoile, directors. J. McBrayer has been selected as captain and Earl Harris as business manager. Six new players have arrived for try-outs and several more are expected in the next few days. Guy Long, who layed such a nice game in the outfield the first of the season, but who was suspended, joined the team Sunday, was reinstated and is now playing third base. To celebrate the change of management the Orphans won Thursday's game from Lexington by the score of 10 to 7. Two games were dropped to Frankfort Friday, but Mt. Sterling uncovered a good pitcher in Funk, who just joined the team. He pitched a nice game and should have won.

Saturday Mt. Sterling played a miserable game, Frankfort winning by the score of 10 to 1.

Sunday the Orphans journeyed to Paris, accompanied by 30 or 40 fans, where they dropped a double-header. The score the first game was 6 to 5 and in the second 3 to 0. Funk pitched both games, pitching gilt-edge ball in both, and with proper support should have won the first game. In the second contest the locals were powerless with the stick, only two hits being secured off Applegate.

Monday the locals played an excellent game, not a single error being chalked up against them, and won the game 5 to 3 from Richmond. Tuesday afternoon a double-header was scheduled, but owing to our going to press early we were unable to get the results.

Choice of any suit in our store at half price until Monday night. The Walsh Co.

## CLOTHING CONCERN

Change Hands--Punch &  
Graves and Walsh  
Bros. Affected.

Punch, Graves & Co. and The  
Walsh Co. Style of Firms.

Both of the leading clothing firms of the city have changed ownership during the past week. The firm of Walsh Bros. has been dissolved, Mr. R. P. Walsh retiring from the firm. In the future this popular house, which has been incorporated, will be known as The Walsh Co., and will be managed by Mr. John J. Walsh, who is one of the most experienced and popular clothing men in the State. Messrs. J. W. Burbridge and C. W. Howe are stockholders in the new company and in them two more popular young men could not have been selected. Courteous and accommodating, they have made for themselves a host of friends. To say that this house will continue to keep up its high standard is useless when it is known that such men as J. J. Walsh, J. W. Burbridge and C. W. Howe will have charge of the business. Mr. Robt. P. Walsh has not decided what business he will engage in, but will probably remain in this city.

In the future the firm of Punch & Graves will be known as Punch, Graves & Co., Mr. Mockabee Montjoy, formerly with Walsh Bros., becoming the new member of the firm. Mr. Montjoy has been in the clothing and furnishing business for a long number of years, is exceedingly popular, has a large following and is sure to add much to the strength of this already deservedly popular concern.

With such gentlemen as R. E. Punch, J. C. Graves and Mockabee Montjoy directing the business policies of the firm, it is sure to command a most liberal patronage.

Walter Gregory, Esq., will, through T. F. Rogers & Son, agents, sell to the highest bidder his new six-room dwelling property, situated in Johnson Addition. Friday, August 9, 1912, at 2:30 p. m.

Walsh's half price sale on suits and overcoats now in progress.

\$5.00 Panama Hats cut to \$3.75.

## WORK STARTED

In Laying of Gas Pipes  
to West Virginia  
Fields.

About 500 Men at Work--To Be  
Completed About December 1.

Active work was begun last week in the laying of gas pipes from the Menekee wells to connect with the West Virginia wells. The gas company has about 500 men at work, 250 working at each end of the line, and with 50 teams the work is progressing rapidly. The company is doing everything in its power to give this city, Winchester and Lexington an adequate supply of gas for the coming winter. The work is to be completed by December 1st.

Mr. T. J. Tonkin and son, of this city, will be at the fields most of the time while the work is in progress. Mr. T. J. Tonkin, Jr., will be paymaster at this end of the line and the office here will be looked after by Mr. E. J. Egan, of Winchester. The company is paying good wages, \$2.00 per day and lodging being the price paid. Several hundred more men are needed in the work and it would not be a bad idea for some of the loafers around here to get busy.

The company is doing the work under its own supervision, which it is thought, when completed, will cost in the neighborhood of \$700,000.

**THIRD  
PARTY**  
Met At Chicago Monday  
At Noon At the  
Coliseum.

Senator Beveridge, of Indiana, a  
Leading Figure in Convention.

The first national convention of the new progressive party met at the Coliseum in Chicago Monday noon, where a little over a month ago President Wm. H. Taft was re-nominated for the Presidency on the Republican ticket over the protest of those now leading the new party movement. Col. Roosevelt assumed complete charge of all affairs.

Some little friction was caused by the ousting of the negro delegates from Florida, who held indignation meeting. The leaders are endeavoring to compromise in order to satisfy the negroes.

Governor Johnson, of California, will be the Colonel's running mate. Mr. Leslie Combs, of Lexington, was named as a member of the National Committee.

### Draw Prizes.

Mr. Henry L. Greene held No. 5,961, the lucky number in Prewitt & Howell's drawing contest that took place Saturday, Mrs. Samuel Turley held No. 10,762 and drew the fine sewing machine, and Mrs. Eliza D. Marshall held No. 13,173 and drew the handsome refrigerator. The contest created a great deal of interest, and this popular house feels amply repaid for putting on the contest.

## PETITION FILED

By Judge Ed. C. O'Rear  
On Behalf of Tem-  
perance People.

Matter to Be Passed On County  
Court Day in this Month.

Upon behalf of J. P. Highland and 1042 other citizens of Montgomery county, Judge Ed. C. O'Rear, attorney, filed before County Judge McCormick Thursday a petition asking that an election be called for the purpose of submitting to the voters of the county as a unit the question of whether or not spirituous, vinous or malt liquors shall be sold therein. Under the law the matter cannot be heard until court day.

The number of signers in each precinct is as follows:

Aaron's Run, 50; Beats, 57; Ca-  
margo, 82; Grassy Lick, 78; Harts,  
65; Howard's Mill, 97; Jefferson-  
ville, 78; Levee, 62; Sideview, 42;  
Spencer, 73; Smithville, 63; First  
Ward, 78; Second Ward, 97; Third  
Ward, 73; Fourth Ward, 48; total  
1043.

This is more than 25 percent. of the legal voters in each precinct and is sufficient to authorize the calling of such election, unless enough signers withdraw their names before the order calling the election is entered, to make one or more of the precincts fall below the requisite number.

### Old Stone Found.

In cleaning out the basement of the old Presbyterian Church on Main street that is being remodeled for the Advocate Publishing Co., workmen found an old stone slab about two and one-half by five feet, on which is the following wording:

"First Presbyterian Church,  
built 1829; organized 1795."

Messrs. Chennault & O'Rear, who own the building, gladly gave the interesting relic to the members of the church, who prize it very highly. It is not known how long the stone has been in the basement, as several of the oldest members of the church knew nothing about it.

### Death of Mr. David Gay.

Mr. David Gay, one of the oldest citizens of the county, died last week at his home in this city. His death was sudden, as he had not been complaining. He left his bedroom to get a drink of water and upon returning stated to his wife that he was dying and passed away in a few minutes. Mr. Gay was about 75 years old; Union soldier, member of Grand Army Post and an excellent old gentleman. He is survived by his wife and one son, Joseph Gay, of this city.

### Horse and Mule Killed.

During the storm last Tuesday night a horse and mule belonging to Mr. W. N. Anderson, of Howards Mill, were struck by lightning and both instantly killed. Both were valuable animals and Mr. Anderson's many friends will regret to learn of his loss.

### Drinking Cups.

Are you violating the law by not using sanitary drinking cups in your place of business? Better get in a supply before an Inspector comes around. We have them for sale.

## TURNER WINNER

Hon. C. C. Turner Easy  
Victor Over Hon. J.  
Smith Hays.

All Counties Not in, But Major-  
ity Over One Thousand.

Hon. C. C. Turner, of this city, from the returns so far received, has defeated Hon. J. Smith Hays, of Winchester, for the Democratic nomination for Judge of the Court of Appeals in this district. While it has been impossible to get the complete returns, Turner's majority may easily be placed at one thousand. He made a most remarkable race in this his home county, carrying same by 784 votes.

The primary was marked by the best of good feeling between the two candidates and there will be no sore spots, all of Hays' admirers being good Democrats, will get together and unite with Turner's friends and help send the Montgomery county man to the bench in November. With the Democrats united as never before we are confident that Mr. Turner has an excellent chance to win.

### OFFICIAL VOTE OF MONTGOMERY.

## BRICK STREETS

Contract Let for Paving  
of Bank and Locust  
Streets.

Lexington Concern Is Awarded  
Contract Over Local Bidder.

Believing that the bid of the Central Construction Company, of Lexington, was the lowest and best bid received for the paving of Bank and Locust streets, the contract for same was awarded to the Lexington company at a meeting of the City Council, held last Wednesday night. Mr. G. H. Strother, of this city, was the only other bidder. Work will be commenced about the middle of August and completed within 60 days. Engineer Bosley, of Ashland, who had supervision of the work last year and gave such splendid satisfaction, will again have charge of the construction.

### MONTGOMERY COUNTY HIGH SCHOOL.

The County High School will begin on Tuesday, September 3rd, 1912, at the High School building on Holt avenue (formerly the Cord property.) Strong faculty, attractive courses of study. Tuition, exclusive of pupils in the belt line district and those holding county diplomas, will be as follows: In the High School, \$20 for term of 5 scholastic months; in intermediate classes, \$15; in primary, \$10.

James F. Corbett Dies  
at Hospital in Houston, Tex.

News reached this city Sunday that James F. Corbett, eldest son of Mr. John Corbett, had died recently at a hospital in Houston, Texas. The remains reached this city Tuesday noon and were interred in St. Thomas Cemetery. Mr. Corbett was 39 years of age, but had not made his home in this city for about 12 years. He had been in poor health for three years, had spent the past winter in San Antonio, and had only been in Houston a short while. Mr. Corbett is well remembered here and the news of his death will cause much grief to relatives and friends in this city.

Moved to Our City.

Mr. and Mrs. John R. Salmons, of Owingsville, have moved to our city and Mr. Salmons will open a saddle and harness shop in the next few days. Mr. Salmons comes highly recommended as a workman and gentleman. He is not entirely unknown here, having married Mrs. Julia W. Conroy of this city a few years ago. They will occupy their residence property on Easa Main street recently vacated by Mr. W. Q. Stephens. We welcome these good people to our city.

### BUYS NEW AUTO.

Mr. Thomas Ricketts, of this city, went to Louisville Monday to get his new Ford automobile, purchased through their agents here, Strother & Frazer. These energetic young men have placed a number of cars in this and adjoining counties this summer.

Half price means half price at Walsh's. Any suit or overcoat until Monday night at half price.

## KNOW IT WELL.

Familiar Features Well Known to Hundreds of Mt. Sterling Citizens.

A familiar burden in many homes. The burden of a "bad back." A lame, a weak or an aching back often tells you of kidney ills. Doan's Kidney Pills are for weak kidneys.

Here is Mt. Sterling testimony.

S. T. Greene, 42 Holt Ave., Mt. Sterling, Ky., says: "I have used Doan's Kidney Pills and they have always done me so much good that I am glad to express my high opinion of them. I had a great deal of trouble from the kidneys. The kidney action was too frequent, especially at night, but the flow of the kidney secretions was scanty. The secretions also contained sediment. My back ached and I had pains through my sides. Seeing Doan's Kidney Pills advertised, I got a supply at Duerson's drug store and used them. They brought the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

### Take it From Me, Bud.

It ain't what's on a guy, and it ain't what his father was that counts on this money-mad and passion-grafting age. The only thing to judge a guy by is what is in him and what kind of brain he has. It doesn't make any difference how far his pedigree runs, if he doesn't make good himself, people have no use for him and will pass him to the discard. The heritage of birth is mighty thin fabric and mighty weak material for a man to use in making a cloak of exclusiveness to put around him. Don't get it into your nob, Bud, that on account of your breeding you are a Superior Being. Remember that the man with the brains digs as well as climbs. Without brains business would go to the dogs, for if business were conducted by men of birth and boddle without brains, you can easily see that the whole fabric would fall to pieces.—Exchange.

### ANNOUNCEMENT

#### FOR CONGRESS

We are authorized to announce

of Olive Hill, Carter county, as a candidate for Congress in the Ninth District, subject to the action of the Democratic primary on Saturday, August 3rd, 1912.

### "WE'LL WIN WITH WILSON"

#### DEMOCRATIC TICKET

For President

of New Jersey

For Vice-President

#### THE NEW PRIMARY LAW.

The new primary law was given its first test Saturday and proved very satisfactory. There is one feature of it, however, we think, is subject to criticism, and that is the presence of a device on the ballots. In our judgment the words "Democratic Party" or "Republican Party" is all that should be on them. The device does nothing but confuse the voters, as was shown in this county where many voters spoiled their ballots by voting under the device.

This can be easily corrected by the Legislature, as well as any other minor defects that may be found in it.

Everybody seems well pleased with it and we believe its enactment was a long step in the right direction.

#### HAS A CHANCE TO WIN.

Now that belated returns indicate the election of Hon. C. C. Turner, of this city, as the Democratic nominee for Judge of the Court of Appeals, we often hear the question asked, "What does he want with the nomination?" It is true the district, under ordinary conditions, is about fifteen thousand Republican, but in the Eleventh Congressional district, it is reliably stated that Mr. Roosevelt will receive two votes to Mr. Taft's one, while hundreds of Republicans are going to place their votes where they will count, under the Democratic emblem.

Under these conditions Mr. Turner's election is by means an impossibility.

Many friends of Gov. McCreary, we among the number, feel he made a serious mistake in undertaking to champion the fight of Judge Sullivan against Congressman Helm in the Eighth district. In a fight between Democrats a neutral position would have been more appropriate.

#### Republicans for Wilson.

Last week the editor of the New York Press sent private letters to Republican voters, selected at random from readers on its mail subscription lists, and not living in New York City or other large cities. The main part of the letter was:

"For which of the following do you intend to vote: Taft, Wilson or Roosevelt?

"Are you in favor of the plan proposed by the former President of breaking up the present Republican party and forming a new one? For whom did you vote in 1908?

"Of the 1,000 first replying, virtually all voted for Mr. Taft four years ago. Of the 1,000 replying, 442 said they would vote for Mr. Taft this year, 335 for Mr. Roosevelt, 132 for Mr. Wilson and 91 said they would not vote at all or were undecided.

Most of those declaring they would vote for Mr. Wilson, gave as their reason their disgust with Republican factionalism. Some were voting for him as the surest way, in their judgment, to defeat the Colonel and prevent him from breaking up the Republican party. Some of those in the not-voting class said they might vote for Mr. Taft or Mr. Wilson if it became necessary, in their judgment, to do this to prevent the Colonel from breaking up their party. Some of those recording themselves for Mr. Taft lamented his nomination, but would vote for him to prevent the Colonel from breaking up their party.

"We arrange those 1,000 voters in table:

Taft	.....	442
Roosevelt	.....	335
Wilson	.....	132
Not voting	.....	91

1,000  
"Further comment on the figures and the percentages which they make seems unnecessary."

While attempting to fasten a pole on a wagon of grass seed, Thomas Coons, a prominent farmer of the Stoops neighborhood, fell to the ground. A bad gash was cut in his head, his back badly wrenched, and he was rendered unconscious. It was feared Mr. Coons was internally hurt, but he is now improving nicely.

## Love and Labor.

Civilization will never yield her best fruits until every man and woman is engaged in a labor of love. Work is essential to happiness. No idle man can ever be content. We are put here to create—to produce. We are happy only as we are engaged in a worthy work. Moreover, we get out of our work only the joy which we put into it. I do not care how great may be the success, measured by dollars and cents, the man who has not found a congenial labor has failed, for he has been disappointed. What a man should do is unfortunately not always that which he does do. The young man who would like to devote himself to art because he believes that in art he can best unfold his talents, is often compelled through necessity to round out his career at the ribbon counter of a department store. It may be that by diligence and stern application to do business he will in time, become a great merchant. But he will never be really expended, for he will have crushed a natural and beloved talent and acquired an unnatural and despised one. Necessity tears us away from the work that we love, or poverty holds us back. In either event there is a dwarfing of one's possibilities which it requires courage to withstand. The saddest spectacle is not that of a man fallen from high estate to rags, but one who, amid what the world calls success, lives amid the dust of shattered ambitions. Shall a man plod along in the task he loves or shall he catch the spirit of the age, make money his sole object, and crush the only real inspiration of his existence? For my part, I believe that the man who finds the work that he loves, and loves it ten hours a day, with that devotion which makes it a joy to turn out the best within him, will eventually succeed. But whether he succeeds or not, he has had that which cannot be measured either in human plaudits or in gold—the consciousness of having lived the only ideal life—the life that is devoted unstintedly to a beloved task. The first requisite of success is purpose. The man who has in view the accomplishment of an ultimate noble purpose and works faithfully to that end, will, in the struggle toward its attainment, have found the only real happiness. Its failures are better than other triumphs for in his labors he has put heart and soul, and from these alone come joy. As a matter of fact, there is little joy in having done. The joy lies in doing. The victory of yesterday is mean today. For tomorrow we have our eyes on a still better work. We esteem as paltry the achievements of yesterday. They have spurred us on to a still greater accomplishment, and in the new chase we find the new zest that is worth while—happiness in doing. Congenial labor exudes the only joy. When our economic conditions are such that every man may pursue in a spirit of real love the work for which he is fitted, then humanity will have gained a victory.

## "I Am Well"

writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardul a trial. Now, I feel like a new woman."

## Take CARDUL

### The Woman's Tonic

A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count, in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardul at once, and avoid more serious troubles. We urge you to try it. Begin today.

### Be An Optimist, Old Pal.

Every time you can smile, Old Boy, in the face of trouble pass the smile along. You see things ain't as bad as they are doped out to be, and a bunch of this hard-up, depressed feeling is a sentimental, not a real condition. You can make your life as gloomy as if you were playing tag with a graveyard with your way of thinking, or you can shine it up by a feeling of confidence. Get hep to the first. It is the easier method. The optimist wins, Old Pal. A hopeful optimist and sterling honesty are the ballbearings of business negotiations. The guy who cops the opportunities and does things is the gazabo the world waits to crown, but he's got to do things—no four-flushing. A drum is a loud-sounding instrument, but the business end of a mosquito gets a line on your attention. There is no corner on kindness—love is its own paymaster. The optimist ever has a hunch that the mist will be put out of commission and pass away. The pessimist is betting even money it will last always. Take it from me and remember that the hopeful optimistic man is a luminary in any community. The pessimist feels it his sacred duty to pine around with an extinguisher. In the realm of birds the lark is the optimist, the crow the pessimist. Why be a crow?

### A LEGION OF DEMONS.

Mark iv, 35; v, 20—Aug. 11. "God is our Refuge and Strength, a very present help in trouble; therefore will we not fear, though the earth be changed, and though the mountains be cast into the midst of the sea."—Psalms vii, 1, 2.

THE forepart of today's study is an account of a very severe wind storm on the Sea of Galilee. Jesus, tired from His teaching and healing, in which vitality went out of Him for the relief of the people, had gotten into one of the boats formerly used by some of His disciples in the fishing business and still owned by them. The purpose was to cross the lake for a season of rest. The Master was soon fast asleep. Suddenly a terrific storm set in which appalled even those accustomed to such scenes. They came to Jesus and aroused Him, saying, "Master, carest Thou not that we perish?" and He rebuked the wind, saying, "Peace, be still." And immediately "there was a great calm."

The text at the head of this study draws to our attention another storm. It pictures the great storm of trouble which in the close of this Age will suddenly burst upon the whole world of mankind and in which "Babylon the Great, the Mother of Harlots," "like a great millstone will be cast into the midst of the sea." This same "time of trouble," in some Scriptures, is spoken of as a "whirlwind," that will be held until that time—Revelation xvii, 5; xviii, 21; Jeremiah xxv, 32; Revelation vii, 1.

Again, this trouble is symbolized by a "fire," which will burn not only the earth (symbolical of organized society), but also the heavens (symbolical of ecclesiasticism). This symbolical fire, this great anarachical blaze, will leave present institutions in "ashes." Upon the ruins, the ashes, of the blasted hopes and ambitions of society, political, scientific and religious, will arise the glorious Kingdom of Messiah to bless the world, and it will be as prophesied: "The desire of all nations shall come."

Our text pictures that coming "time of trouble" as a great "storm," which will entirely remove, or change the "earth," the present construction of society, and carry the "mountains," the kingdoms of this present time, into the sea of anarchy. God's people will to some extent be associated with all of these troubles; but they are not to fear, they are to realize that God is at the helm.

### Jesus Gave Them Leave.

In the heading we have connected this study with the demons, because the Scriptures intimate that the demons will have considerable to do with stirring up the great "time of trouble" and discontent with which this Age will close and Messiah's Kingdom be established.

On the other side of the lake, as they landed, a man came running toward them. He was obsessed—that is to say, demons, the fallen angels mentioned by St. Jude (Jude 6) and St. Peter (II Peter 2, 4), had gained access, and were in control of him. It was these that recognized Jesus and spoke through the man's lips.

The Bible's explanation of how some angels fell from their original perfection and harmony with God, and of why they seek to gain control of humanity and communicate with them through mediums, and personate the dead, we have not the space to present in this study; but as there are many more or less under the influence of demonism—spiritism—we will send further information upon postcard request.

Jesus gave the demons the privilege they requested. The swine, like the man, were crazed by the strange outside influence which took possession of their brains. They ran violently down a steep place into the sea and were drowned. Meantime, the man, released from his obsession, was again in his right mind, and praised God for his deliverance.

Those familiar with such matters claim that probably one-half of all the inmates of our insane asylums are persons obsessed by evil spirits, demons, without any organic disease of the brain. And still we see evidences on every hand that these evil spirits are paving the way for a great onslaught upon humanity.

Under the title of "Psychic Phenomena" spiritism is being examined by some of the prominent professors of our day. They, like other spiritists, are deceived in supposing that the manifestations which come to them are from their dead human friends. The Bible alone makes the matter perfectly clear. It assures us that the dead have no power to communicate, and that all such communications come from the demons, who do not dare to tell who they are, for if they did, humanity would be on guard against them.

## Bruce Ismay Exonerated.

The British Board of Trade court of inquiry into the Titanic disaster, in which 1,517 persons lost their lives, in its judgment pronounced that:

"The collision of the Titanic with the iceberg was due to the excessive speed at which the ship was navigated.

"A proper watch was not kept.

"The ship's boats were properly lowered, but the arrangements for manning them were insufficient.

"The Leyland liner Californian might have reached the Titanic if she had attempted to do so.

"The track followed was reasonably safe with proper vigilance.

"There was no discrimination against third class passengers in the saving of life."

The court exonerates J. Bruce Ismay, chairman and managing director of the White Star line, and Sir Cosmo Duff-Gordon, one of the passengers, from any charges of improper conduct.

The judgment commands:

"Water-tight compartments in seagoing ships.

"The provision of lifeboats for all on board.

"More efficient drills of the crew.

"Better lookout."

## VAST IMPROVEMENTS

PLANNED BY OFFICIALS OF STATE FAIR IN BUILDING EQUIPMENT.

New Grand Stand is Twice the Size of Old One and is Magnificent Structure.

With the greatest line of exhibits in the way of live stock as well as of all other products of which the state is famous, already guaranteed for the Kentucky State Fair this year, it is the prediction of those in charge of the arrangements that the exhibition to be held the week of September 9-14 inclusive, will be the biggest and best ever seen in the South or Middle West, and that it will mark an epoch in the history of agricultural and live stock exhibitions. Not since the Kentucky State Fair was inaugurated ten years ago has the same amount of interest been shown in the event as that being taken this year by the officials and the public spirited citizens throughout the State, insuring the greatest fair, from an artistic and display standpoint at least, in the history of the institution.

Chief among the improvements at the Fair Grounds this year, will be that of the enlarged grandstand which, when completed the latter part of August, will be twice the size of the stand that has been used to accommodate the crowds the past four years. The new addition to the stand will be of the same concrete construction as the part now standing and when completed the stand will have a seating capacity of five thousand people.

## VAUDEVILLE SHOWS

OF HIGH GRADE WILL BE GIVEN AT STATE FAIR AT NIGHT.

Trained Stallions and Elephants Among Remarkable Evening Attractions September 9-14.

The big night show at the Kentucky State Fair this year will be the most elaborate ever prepared by the management of the institution. Believing that night patrons of the fair would rather witness high-class amusement than to spend their time in walking over the grounds in a vain effort to see many of the exhibits which naturally close at night, Secretary Dent has secured some of the most noted acts known to the show world, which will be seen in the magnificently lighted livestock pavilion each night beginning at 8 o'clock. The management has gone to an expense of \$5,000 to guarantee this list of attractions, among which will be seen Herzog's performing stallions, six in number and jet black and regarded as the most famous animal act in the world. The five Merkel Sisters, noted female acrobats; The Okuras, Japanese wonders; The Whirling Erfords, styled the "Human Butterflies;" Robinson's five performing elephants; The Eddy Family in two highly sensational acts; The Hengler Troupe of Russian Dogs, and other acts equally as high class. In addition to this high-class line of amusements visitors to the night show will also witness the best rings for light harness and saddle horses ever given in Kentucky. In addition to the \$1,000 stake for five-gaited saddle horses other rich rings for all other classes, in both saddlers and harness horses, will be contested each night during the week. Because of the enormous expense to which the management has gone in preparing for the big night show feature of the fair it has been decided to charge an admission of twenty five cents to the pavilion at night. This price will entitle the visitors to any seat in the big auditorium except the boxes. For this sum they will witness the most famous American and European acts now before the public.

## MIDWAY ATTRACTIONS

Best in History of Fair—Nothing Offensive to Decency or of Freak Nature To Be Allowed.

The midway attractions to be featured at the State Fair this year will be far and above the average, as it is the purpose of the management to provide only the best for the patrons of the Kentucky institution. In order to carry out such an arrangement Secretary J. L. Dent will visit the shows two weeks before the date of the Kentucky State Fair, which is the week of September 9-14, and make a personal inspection with a view of eliminating any and all unattractive or freak features. The shows engaged for the fair are the Mazzoppo and United Shows combined, and this name in itself is sufficient to guarantee a high-class and clean line of attractions, but to make it doubly sure Secretary Dent has planned the personal inspection to satisfy himself. It is the purpose of the management to provide such a line of side-shows that parents can let their children visit the shows, day and night, without the attendance of older members of the family.

In order to further carry out this feature of the program, the management has contracted with a number of well-known Kentuckians to be stationed both on the inside and outside of each of the midway attractions during the week to look after the welfare of the patrons, and to see that nothing is said or done that would in the least offend the eye or ear of any person within the inclosure.

## FARM BOYS' ENCAMPMENT.

### Turkey Trot Kills Worms.

M. M. Kicklighter, of Groverland, Ga., has discovered a sure cure for the army worm, now devastating the Southern States. In a letter to the House and Senate, he says:

"I saw your advertisement in the Atlanta paper for aid to check the army worms. I had ten acres of corn and the army worms had just started in my corn, and I had a large drove of turkeys. I drove my turkeys in my field and they ate the army worms up in two days, and if it had not been for my turkeys I would not have had any corn now. That is the only way to get rid of army worms. If it had not been for my turkeys I would have lost 500 bushels of corn by these worms. That is the only way I know how to check these army worms, which are a pest to the farmers, and if they are not checked they will ruin the Southern farmers. So please send me a check for said amount, for that is the only way to destroy the army worms."—Washington Telegram to the New York World.

**Fiscal Court Proceedings.**  
The Fiscal Court, at its regular meeting yesterday, transacted little business of interest, except on a consideration of the claim for the county's part of the cost of brick streets around the court house and in front of the jail, the court declining to pay for same, all magistrates voting not to do so except Messrs. Thompson and Trimble, who voted to pay therefor and the matter will now be fought out in the courts. Esq. Thompson was appointed a committee to receive bids for the removal of the court house wall and terracing of yard, all the magistrates voting to make such improvement as directed by the grand jury, except Esq. Henry and Judge McCormick, who voted no.

## Keeping At It In Hopkins.

The Hopkins County Good Roads Association has been in existence only a short time, but it has not been idle. It has been working in co-operation with the County Fiscal Court and has been collecting information from various sources as to road improvement methods. Also it has gathered data as to the cost of roads, the quantity of road-building material in the county, the money expended for roads in the past and other matters germane to the subject.

The association secured an appropriation from the Fiscal Court recently to bring D. Ward King, the split-log drag expert, to Madisonville to give a free lecture and a demonstration of the merits of the drag. As a consequence of Mr. King's visit twenty-two farmers in the county have agreed to build drags and give them a fair trial. The citizens of Madison-

ville have raised a fund to be offered in premiums for the best roads made with the drag: \$50 for the best mile within seven miles of Madisonville; \$25 for the second best; \$25 for the best one half mile on any rural road leading out of Madisonville, and \$15 for the second best.

The interest that has been created is indicative of some substantial results in highway improvement in Hopkins county in the not far distant future. The Good Roads Association needs only to keep up the good work it has been doing and to keep up the agitation for better highway conditions. Some of these days the association will succeed in building some real roads, such as may be traveled without fear of the loss of life or limb. When that is done the people of Hopkins county will wonder why they did not wake up sooner. —Courier Journal.

## Confesses Stealing Rings.

John Anderson, who was arrested in Winchester on a charge of vagrancy, after he had attempted to sell a diamond ring to a jeweler, and was later brought to this city by Officer Dan Insko, confessed that he was guilty of the theft of two valuable rings from Mrs. Mamie Kennedy, of this city, by whom he was employed. He produced the other ring from his pocket, and said he had held it in his mouth while being searched by the officers. He asked to be taken before Mrs. Kennedy, where he made his confession.
